EQUIPMENT PADS, PANS & STANDS

DuraPlas® Equipment Supports

PolarPad™

Heavy Duty Polyethylene equipment pads for light, ground-supported HVAC equipment. Multiple sizes in 2" or 3" thicknesses, from 24 x 24 x 2 — 52 x 52 x 3

PolarPan™

HDPE Heavy Duty HVAC equipment drain pans with pre-installed drain fittings. 5 sizes, ranging from: 30 x 30 x 3.5 — 72 x 32 x 3.5

PolarPan™ Round Plumbing Pans

Made from high grade, impact resistant polymers, these round pans are rated for gas & electric use with a recessed drain port and 1 degree taper. Current size: 24 x 24 x 3 — Coming Soon, 22", 26", 28", and 30"

PRODUCT SPOTLIGHT

PolarStand™

Adjustable equipment support stand

Smarter, efficient way to elevate and secure equipment. Adapts to nearly any application. One person installation — a great fit with PolarPads! Expandable: 24" to 40"

PolarStand / PolarPad with Heat Pump

PSC MOTORS

Direct-Drive Blower Motors and Condenser Fan Motors

Dial HVAC catalog

PSC Direct Drive Blower Motors

Single and Multi-Horsepower

Replacement blower motors for HVAC equipment. Select by horsepower, voltage, and speed.

FEATURES

- 100% copper windings
- Precision ball bearings
- Heavy-gauge rolled steel shells
- 2-year warranty

SPECIFICATIONS

60°C ambient
60 Hz / Single phase
Open Air Over construction
NEMA 48 frame
36-inch leads
UL Recognized

PSC Condenser Fan Motors

Single and Multi-Horsepower

Replacement condenser fan motors for outdoor HVAC equipment. Select by horsepower, voltage, and speed.

FEATURES

- 100% copper windings
- Precision ball bearings
- Weather-resistant shells
- 2-year warranty

SPECIFICATIONS

60°C or 70°C, by model
60 Hz / Single phase
Totally Enclosed Air Over
NEMA 48 frame
42-inch leads
UL Recognized

COMMERCIAL REFRIGERATION MOTORS

Automatic Load Matching - ECM Refrigeration Motors

Dial HVAC catalog

ECM Watt Motors

Reach-in Refrigeration

ECM watt motors for reach-in refrigeration, with jumper-wire setup for speed and rotation.

FEATURES

- Automatic load matching
- Cast aluminum body
- Rear 5-hole mounting
- Hardware kit included

SPECIFICATIONS

4-25W universal
115-230V automatic adjustment
1550 / 1650 RPM selectable
IP67 rated and submersible
A2L compliant
2-year warranty

ECM 3.3-inch Motors

Walk-in Refrigeration

A compact ECM option for walk-in evaporators where installation space is limited.

FEATURES

- Automatic load matching
- Cast aluminum body
- 2.4-inch shallow body
- Hardware kit included

SPECIFICATIONS

1/25-1/15 HP universal
115-230V automatic adjustment
1550 / 800 RPM selectable
IP67 rated
A2L compliant
2-year warranty

Wholesale distributors: Contact MJM for product selection, part numbers, pricing, and availability.

CAPACITORS

Run and Start Capacitors for HVAC/R Applications

Dial HVAC catalog

Run Capacitors

Single and Dual Run / Round and Oval

Run capacitors for HVAC/R motor and compressor applications.

FEATURES

- Pressure-sensitive interrupter
- Non-PCB oil fill
- Heavy-duty film
- 10-year warranty

SPECIFICATIONS

370V and 440V options
-40°C to 70°C operating range
EIA-456A performance
UL Recognized / CSA Certified

Start Capacitors

Multiple Voltage and Capacitance Ratings

Motor start capacitors for HVAC/R service and replacement applications.

FEATURES

- Broad capacitance selection
- Phenolic case construction
- 2-year warranty

SPECIFICATIONS

110/125V, 165V, 220/250V,
330V and 440V options
-40°C to 65°C operating range
EIA-463 performance
UL Recognized

CONTACTORS & ACCESSORIES

Definite Purpose (DP) Contactors, Replacement Coils, and Auxiliary Switches

Dial HVAC catalog

Professional & Commercial Series Contactors

Definite-Purpose Contactors for HVAC/R Applications

Professional Series for HVAC service; Commercial Series adds thermoset bodies and fully shrouded magnets.

FEATURES

- 100% copper coils
- Silver cadmium oxide contacts
- Brass and copper hardware
- A2L compliant

SPECIFICATIONS

Professional: 20-90A FLA
Commercial: 25-90A FLA
1.5-, 2-, 3- & 4-pole
24-480V coils, by series/model
UL Recognized / CSA Certified

Professional Series

Commercial Series

Replacement Coils

Professional Series / Commercial Series

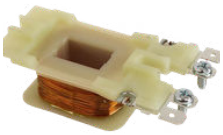

Match the coil to the contactor series, pole count, amp rating, and coil voltage.

FEATURES

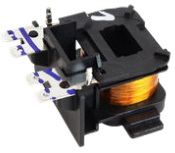

- 100% copper windings
- A2L compliant
- UL Recognized / CSA Certified

SPECIFICATIONS

3-pole: 20-90A contactors 4-pole: 20-40A contactors
Voltages vary by series/model

Professional Series

Commercial Series

Auxiliary Switches & Accessories

Professional Series / Commercial Series

Auxiliary contacts and control accessories for compatible Dial DP contactors.

FEATURES

- Auxiliary switches
- Contact and microswitch blocks
- Mechanical interlocks (Professional)

SPECIFICATIONS

NO / NC and changeover options
Match series, poles & amp rating
Compatibility varies by accessory

Professional Series

Commercial Series

RELAYS & CONTROL TRANSFORMERS

Replacement Relays and Transformers for HVAC/R Equipment

Dial HVAC catalog

Relays

Fan (General-Purpose) / Power / Potential

Switching and motor-start relays for HVAC/R control circuits.

FEATURES

- Fan / general-purpose switching
- Power switching for heavier loads
- Potential relays for motor starting

SPECIFICATIONS

Fan: 24 / 120 / 240V coils
Power: 25A resistive (277 VAC)
Power: 15A inductive (277 VAC)
Potential: 35A contact rating
Potential: match pickup / dropout

Fan

Power

Potential

Control Transformers

Single- and Multi-Tap Input Options

Replacement control transformers for furnaces, air handlers, condensers, and packaged HVAC equipment.

FEATURES

- Laminated steel cores
- Copper windings
- Color-coded leads
- Fused / breaker options

SPECIFICATIONS

20-100 VA, by model
Single- and multi-tap inputs
24V output on most models
50/60 Hz; A2L compliant
Foot / multi-mount options
UL Recognized / CSA Certified

AC DISCONNECTS, WHIPS & CONDUIT

Electrical Installation Products for HVAC Equipment

Dial HVAC catalog

AC Disconnects

Top-open / Side-open

Metallic AC disconnects in top- and side-open styles for HVAC equipment installation and service.

FEATURES

- Top-open: tool-free cover access
- Side-open: reversible door
- Fusible models include LED indicators (Side-open only)

SPECIFICATIONS

120/240V / Single phase
30A / 60A fusible options
60A non-fusible options
NEMA 3R steel enclosures
Copper / aluminum compatible
cULus Listed

Top-open

Side-open

Whips & Conduit

Metallic and Non-Metallic Options

Flexible whips and bulk conduit for HVAC equipment connections and electrical routing.

FEATURES

- Metallic / non-metallic options
- Liquid-tight flexible construction
- Straight and 90-degree whip connectors
- Conduit rolls without connectors

SPECIFICATIONS

Whips: 4-10 ft, by model
Whips: 1/2 and 3/4 in.
Conduit: 25 / 100 ft, by model
Conduit: 1/2, 3/4 and 1 in.
UL-Listed components

Non-metallic whip shown

SURGE PROTECTION

Standalone Surge Protection and Surge-Guard Disconnects

Dial HVAC catalog

Compact Surge Protective Device

Standalone Protection for HVAC Electronics

A compact surge protective device for HVAC control boards, sensors, and ECMs.

FEATURES

- Gas discharge tube technology
- Thermally protected MOV
- LED status indicator
- Limited lifetime SPD warranty
- 5year/$7500 connected equipment warranty

SPECIFICATIONS

120/240V / Single phase
25kA maximum discharge current
10kA nominal discharge current
200kA short-circuit current rating
NEMA 4 enclosure
cULus Listed

Surge-Guard Disconnect

Integrated Type 2 Surge Protection

A 60A disconnect with surge protection built into its removable pullout. Replacement pullout available separately.

FEATURES

- Type 2 SPD inside the pullout
- Fully protected internal SPD housed safely inside the disconnect
- No additional SPD wiring
- Red / green status LEDs
- Side-open steel enclosure

SPECIFICATIONS

60A non-fusible
120/240V / Single phase
NEMA 3R enclosure
25kA short-circuit current rating
10kA nominal discharge current
UL / UL 1449 Listed

More from Dial HVAC Support from MJM

Dial HVAC catalog

ABOUT DIAL HVAC

Dial Manufacturing is a third-generation, family-owned company based in Phoenix, Arizona. Founded in 1964, Dial has expanded from evaporative cooler replacement parts into HVAC/R components and installation products for wholesale distribution.

Its Phoenix operation includes a 250,000+ square-foot warehouse.

PLANNED FOR 2027

- **ECM** HVAC Motors - Direct-Drive and Condenser Models
- Soft Starts
- Voltage Monitoring
- Additional Mounting Brackets and Stands
- Condensate Pumps
- Installation Supplies, Including Duct Ties and Duct Straps

From Dial's announced product pipeline. Contact MJM for release updates.

MJM ASSOCIATES SUPPORT

Your manufacturers' representative for Dial HVAC

- Product information, part numbers, and specifications
- Product training for buyers, counter staff, and sales teams
- Application assistance and technical support
